- Windows Server

EXPERIENCE

Student Hearing Aid Clinician

Ohio State Speech and Hearing Clinic   *2021-2022*

- Performed hardware and software troubleshooting for medical and non-medical devices including hearing aids, accessory peripheral devices, and mobile phones.
- Interacted directly with patients to provide support and document outcomes.

Technical Consultant

Ikolith Recreations *(Tabletop Game Studio)*   *2022-2023*

- Wrote and managed utility scripts, mostly in Python and bash, to automate workflow tasks such as document formatting.
- Developed an automated pipeline to convert and compile Markdown documentation into Latex for publication.

Internal Application Developer

Boxwave *(E-Commerce)*   *2023-2024*

- Wrote internal tools in Python and C# to automatically fetch up-to-date vendor reports via Amazon's seller API, reducing the time required for daily administrative tasks by an order of magnitude.
- Maintained a Proxmox cluster for hosting various internal web services, and spearheaded the design, implementation, testing, and deployment of automation scripts.
- Acted as the primary technical liaison to management and effectively communicated complex technical concepts to stakeholders
